

Protect Texas from Wildfires

Key bills enhance resilience, improve wildfire response

TX2036

TEXAS' WILDFIRE RISKS ARE INCREASING

- ⚠ Last year Texas endured the largest wildfire in recorded history. **The Panhandle Wildfires burned over 1.2 million acres of land**, inflicting nearly \$125 million in economic losses.
- ⚠ A 2024 report by the Office of the State Climatologist at Texas A&M University found that the state's **wildfire season will grow longer** as greater portions of the state become susceptible to wildfire risks.
- ⚠ Data from the First Street Foundation reveals that **nearly 9 million properties – 70% of all properties in this state – have some risk** of being affected by a wildfire over the next 30 years.

KEY WILDFIRE BILLS OF 2025

The 89th Legislature is on-track to pass several bills aimed to enhance the state's wildfire prevention and emergency response capacity.

SB 34

by Sparks (King)

Requires that the Texas A&M Forest Service study the status and condition of fuel loading in wildfire risk zones in this state and the corresponding risk of wildfire to the residents, homes, businesses, and ecology of this state. Requires that at least 10 percent of Rural Volunteer Fire Department Assistance Program funding be allocated towards departments in areas of the state with a high risk for large wildfires.

HB 143

by King (Hancock)

Requires that the Railroad Commission notify the Public Utility Commission and an oil or gas well operator of any condition that does not meet fire safety standards discovered during a well inspection.

HB 144

by King (Schwertner)

Requires that each electric utility submit a distribution pole plan to the Public Utility Commission for the management and inspection of poles within their system.

HB 145

by King (Hancock)

Requires that each electric utility that owns a transmission or distribution facility in a wildfire risk area develop a wildfire mitigation plan.

SB 767

by Sparks (Fairly)

Requires that the Texas A&M Forest Service create and maintain a comprehensive, real-time database of the statewide inventory of equipment for fighting wildfires.

HB 2563

by Ashby (Kolkhorst)

Creates a self-insurance program for certified prescribed burn managers.
